NINTH ANNUAL NUTRIENT MANAGEMENT CONFERENCE

**FEBRUARY 7,
2017**

**RIVER'S EDGE
CONFERENCE
CENTER
ST. CLOUD, MN**

NINTH ANNUAL NUTRIENT MANAGEMENT CONFERENCE

Fertilizer and livestock manure are important assets to agricultural production in Minnesota. Managing nutrients efficiently reduces the financial and environmental risks faced by crop producers. At the conference crop producers and ag professionals will hear about the latest nutrient management research and technologies that promote nutrient efficiency and protect water quality. CCA credits will be available.

Sessions 9:10 a.m.-3:30 p.m.

		SPEAKER	ORGANIZATION
