

## **Nutrient Management Conference February 18, 2025 St Cloud**

Bruce Montgomery, Moderator

*8:00 a.m. Welcome*

### **Phosphorus Fertilizers and Soil Testing**

- 8:10 a.m. **Brian Bohman**, OCP North America. Understanding phosphate fertilizers: sources and agronomic considerations
- 8:50 a.m. **Craig Struve**, SoilView, LLC. Soil sample results – What should you expect?

### **Phosphorus Studies Across the Midwest**

- 9:30 a.m. **Andrew Margenot**, University of Illinois. Considerations on P management from Illinois: Early insights from updating the Illinois Agronomy Handbook

*10:10 a.m. Break*

- 10:20 a.m. **Javev Iqbal**, University of Nebraska. Optimizing phosphorus fertilization strategies for sustainable agriculture in Nebraska
- 11:00 a.m. **John Jones**, University of Illinois. Efficient use of soil-test and fertilizer phosphorus: Lessons from Wisconsin and Iowa
- 11:40 a.m. **Jason Clark**, South Dakota State University. Soil Health and phosphorus management: Is there a connection?

*12:20 p.m. Lunch*

### **Phosphorus Studies Across Minnesota**

- 1:00 p.m. **Farmer Panel**. Lessons from our own experience managing phosphorus in the farm
- 1:40 p.m. **Lindsay Pease**, University of Minnesota. Management practices that minimize edge-of-field phosphorus loss in Minnesota
- 2:20 p.m. **Melissa Wilson**, University of Minnesota. Manure phosphorus basics.
- 3:00 p.m. **Daniel Kaiser**, University of Minnesota. Can you afford to cut phosphorus applications?

*3:40 p.m. Adjourn*
